 - (vi) has been a director of EP&T for such a period that their independence from management and substantial holders may have been compromised.
- (c) Family ties and cross-directorships may be relevant in considering interests and relationships which may compromise independence and should be disclosed by Directors to the Board.
- (d) The Board will regularly review the independence of each Director in light of interests disclosed and will disclose any change to ASX, as required by the ASX Listing Rules.

3.6 Material business relationship

A professional adviser, consultant, supplier or customer will be considered to have a material business relationship with EP&T if:

- (a) from the perspective of the director, the business relationship is significant (directly or indirectly) to their own circumstances; or
- (b) from EP&T's perspective, the business relationship generates revenue or expenses (to EP&T) of 5% or more of EP&T's total revenues or expenses, as applicable.

3.7 Board judgement that a director remains independent

- (a) The Board may consider a director to be independent notwithstanding that the Director has an interest or relationship set out in Section 3.5.
- (b) In these circumstances, the Board will take into account:
 - (i) the nature and extent of the interest or relationship;
 - (ii) the type of transactions that are normally entered into between EP&T and the other party, the nature of the transactions and whether the Director has been personally involved in negotiating the terms and conditions of any of the transactions; and
 - (iii) any other matters the Board considers relevant to its assessment.
- (c) If the Board determines that, notwithstanding the interest or relationship, the Director is independent, the Board will disclose its reasons for this assessment and the interest or relationship of the Director in the annual corporate governance statement.

3.8 Appointing new directors

When considering the appointment of a person as a Director, the Board will:

- (a) undertake appropriate checks before appointing the person, or putting the person forward to shareholders as a candidate for election as a Director; and

4. Management and delegation

4.1 Managing Director and management

The MD (or equivalent) is responsible for running the day to day affairs of EP&T under delegated authority from the Board and to implement the policies and strategy set by the Board. In carrying out the managing director's responsibilities, the MD (or equivalent) must ensure that the Board is provided with accurate information in a timely and clear manner and ensure all reports to the Board present a true and fair view of EP&T's financial condition and operational results.

4.2 Delegation to management

The role of management is to support the MD (or equivalent) and implement the running of the general operations and financial business of EP&T, in accordance with the delegated authority of the Board. The delegated authority includes responsibility for:

- (c) a process for ensuring that the performance of senior executives of EP&T are reviewed at least annually.

5. Other matters

5.1 Protocols where a director has a conflict of interest

From time to time a director may have a conflict of interest. To help Directors manage any such conflicts the Board has developed processes with the aim of ensuring that the consideration of matters by the Board and any Board committees is undertaken free from any actual influence or appearance of influence from persons with conflicts of interest, and that the disclosure of EP&T's confidential information is to be subject to appropriate corporate governance controls.

5.2 Independent Professional Advice for Directors

- (a) Directors may obtain independent professional advice, at EP&T's cost, in carrying out their responsibilities.
- (b) It will be appropriate to obtain independent professional advice where:
 - (i) the issue or recommendation in question is one which the Director reasonably considers, after consulting with the Board or the Chair of the Board, is of a character that makes obtaining independent advice appropriate; and
 - (ii) the Board or Chair, following such consultation consents to the obtaining of such advice.
- (c) Independent professional advice can be obtained without the involvement of EP&T's management where the Board or the Chair considers it appropriate to do so.
- (d) A suitable qualified expert in the appropriate field should be instructed. Prior to instructing the expert, the Director should advise the Board or Chair of the fee payable which must be reasonable having regard to the nature of the advice sought and the fees charged by comparable experts.
- (e) All instructions to the expert must be in writing specifying the party instructing and the capacity in which that party is acting and the party to whom the advice is to be addressed.
- (f) Except in circumstances of competing interests between the Directors or the Director and EP&T, a copy of the advice, the letter of instruction, and all materials which accompanied the letter must be provided to the Board.

5.3 Terms of appointment of Directors

- (a) All Directors are expected to continue as Directors only for so long as they have the confidence of their fellow Board members and the confidence of EP&T's shareholders.
- (b) In accordance with the constitution of EP&T, no Director except a MD will hold office for a continuous period in excess of three years or past the third annual general meeting following the Director's appointment, whichever is the longer, without submitting for re-election.
- (c) EP&T will have a written agreement with each person appointed as a Director setting out the terms of their appointment.

5.4 Inconsistency with EP&T's constitutions

To the extent that there is any inconsistency between this Charter and EP&T's constitution, the constitutions will prevail.

5.5 Adoption of Charter and Board review

- (a) This Charter (including its annexures) was adopted by the Board on 18 March 2021, and takes effect from that date and replaces any previous charter in this regard.
- (b) The Board will review this Charter periodically.

Annexure A – Disclosures of interests and conflicts of interest

1. Statutory duty to disclose material personal interest

Subject to certain exceptions, a director of a company who has a material personal interest in a matter that relates to the affairs of the company must give the other directors notice of the interest (refer to section 191 of the Corporations Act 2001 (Cth) (**Corporations Act**)).

2. Restrictions on attendance and voting

Unless the other directors approve, a director of a public company who has a material personal interest in a matter that is being considered at a directors' meeting must not be present while the matter is being considered at the meeting or vote on the matter (refer to section 195 of the Corporations Act).

3. Standing notice

A director who has an interest in a matter may give the other directors standing notice of the nature and extent of the interest in the matter (refer to section 192 of the Corporations Act). The standing notice may be given at any time and whether or not the matter relates to the affairs of the company at the time the notice is given. The standing notice may be given before the interest becomes a material personal interest. Each director is responsible for promptly updating the information contained in a standing notice it provides to the company.

4. General law – Conflicts of interest

- (a) At general law, directors have a fiduciary duty to avoid conflicts of interest. It is an established principle that directors of a company must not, in any matter falling within the scope of their service, have a personal interest or inconsistent engagement with a third party, except with the company's fully informed consent (often referred to as the **Conflict Rule**).
 - (b) Amongst many of the general principles that have been developed by the Courts in respect of the Conflict Rule, in certain circumstances, mere disclosure of a conflict between interest and duty and abstaining from voting on the matter is insufficient to satisfy a director's fiduciary obligations. Disclosure is generally the minimum requirement, however, in certain circumstances, a positive duty to protect the interests of the company by, for instance, taking steps to prevent a transaction from going ahead, may lie with the directors.
-

5. Common form of conflict - use of information by nominee directors

- (a) A common situation in which a conflict may arise is where a nominee director acquires information as a result of the nominee's position as a director that the nominee knows will be of interest to the nominating company. The conflict in this situation includes:
 - (i) a duty of confidentiality owed to the company of which it is a director; and
 - (ii) a commercial desire to communicate knowledge acquired to the nominating company as a result of his or her position as a nominee.

- (b) As a basic principle, the duty of confidentiality owed to the company in paragraph 5(a)(i) of this annexure is greater than any duty owed to the nominating company.
 - (c) Consequently, as a general rule, if a director acquires any information in his or her capacity as director of a company (which is not otherwise publicly available), the director cannot communicate that information to the nominating company. To do so would potentially breach a number of directors' duties, including the common law duties to act honestly and to avoid conflicts of interest, and the statutory duties to act in good faith, not to misuse position, and not to misuse information (refer to sections 181 to 184 of the Corporations Act).
-

6. Nominee Directors

- (a) From time to time there may be Directors on the Board who are nominated representatives of securityholders of EP&T. If the Board is required to consider a matter which involves, or affects the interests of, a shareholder, any involvement in the Board's consideration of that matter by a Director who is the nominated representative of that shareholder may give rise to a conflict for that Director (for instance, as contemplated in paragraph 5 of this annexure).
- (b) In those circumstances, the procedure set out in paragraph 2.2 of the protocols must be adopted for the purposes of making a determination as to whether the Director's involvement in the Board's consideration of the matter would give rise to a conflict.
- (c) If it is determined that the Director's involvement in the Board's consideration of the matter would give rise to a conflict, that Director must not:
 - (i) be provided with any information relating to that matter;
 - (ii) participate in any discussions regarding that matter; and
 - (iii) take part in any decision-making process in relation to that matter.
- (d) In addition, if that Director acquires any information about the matter, he or she must not, without the consent of the Board, disclose any of that information to the shareholder he or she represents nor attend any discussions or negotiations in relation to the matter between EP&T on the one hand and that securityholder.
